Venom is a fall-born buck that combines impressive bone, structural correctness, and a consistently medium fleece. He stands out both in the pasture and in the show ring. He was named Best Fleeced Natural Colored Ram at the 2025 Ohio State Fair Open Show. Venom is a proven ram with the ability to continue competing successfully this year as a yearling or to go straight into service as a stud buck. He brings both performance and pedigree to any program. We are offering him for sale only due to having more bucks than needed for our current number of ewes. Be sure to study his pedigree—he traces back to "Chocolotto" on the sire side and "Artic Monkey" on the dam side, combining strong and desirable genetics.

This will be our first ever Natural Colored consignment, and we wanted to bring one of our best. We had an outstanding set of ewe lambs last year that have turned into some high quality yearling ewes. Craig 2522 is just that. Her show ring record last year was impressive. 1st at Freedom Fest, 1st at All American Junior Show, 1st at Youth Sheep Expo, 1st at Illinois State Fair and 1st NAILE Open show. She is really easy on the eyes and will be a fun one to show off this summer and fall.

We are excited to be offering a great group of ewes in this year's sale, and this one is no exception. She stands out with a beautiful, high-quality fleece that is dense, bright, and uniform from end to end. Combine that with her structural correctness and overall balance, and she has all the pieces to be both competitive in the ring and valuable in the pasture. A solid opportunity to add quality and style to any program.

 These are our first ever entries in the National Lincoln Sale, and boy are we excited for them! We had a tremendous group of natural colored fall rams that led us to flipping a coin as to who we were keeping and who was getting entered for this sale. These fall rams are all sired by Lein 2320 "Roadrunner", who was 2023 NAILE Champion Ram for the Lein family, and then hung several banners for us as a yearling. This guy has a phenomenal fleece, he is big and rugged and is sound on his feet and legs.

 Another great ram that has lots of potential. His fleece is uniform and has a great lock structure to it. He is sound on his feet and moves smoothly. You won't go wrong with this ram. Pictures will be added to our Carpenter Farms Facebook page in late April.

B: 01/11/2025 Twin
 S: Carpenter Farms 1004 98442
 D: Buckshot 2410 14605
 I have a feeling this guy is going to go places..... He has had quite the set of legs under him since birth. He earned the nickname "Double L" (Long-Legs) honestly because it was the first thing you noticed when looking at him. He has a great fleece to go with those legs and really carries himself in a "look at me" manner. He is out of our first home-raised ram and we are pretty proud of what he produced.

232-January Ewe Lamb**Carpenter Farms 1012 - Colored 15473**

B: 01/11/2025 Twin
 S: Carpenter Farms 1004 98442
 D: Buckshot 2410 14605
 This ewe lamb is the twin to our January ram lamb. They are out of our first home-raised ram, and we are pretty proud of what he produced. She was the smaller of the two at birth and had a bit of a slow start, but she has really started to take off here lately (she may be the one pushing the rest out of the feeder now). She has a cool color pattern in her head with some white locks making her stand out from the rest in our barn. She may still be a little green by this show, but I think she has potential to really take off with some more time on feed. Pictures will be added to our Carpenter Farms Facebook page in late April.

281-FITTED Fall Ram Lamb

Spilde 936

B: 09/20/2025 Single

S: "Try Again" RBF 707 47454

D: Vanwanzele 19-6 42747

If you're looking for a sure thing, this is a good place start! 19-6 is the mother of "Diamond" and Spilde 550 among others.

Diamond became the record selling Tunis female when we sold her at the national sale and has gone on to do great things for Mark and Janine Johnson. Spilde 550 is the mother of multiple stud bucks including the one sold to MacCauley's and "Malawi" who went on to be senior champion ram at Louisville last fall for Cody Kinsman. "Try Again" is a big powerful ram that has recently made some of our best lambs. These genetics flat work and when you see the ram you will likely agree that he's going to be big and impressive when he's done growing.

282-FITTED Fall Ram Lamb

Spilde 944

B: 09/23/2025 Single

S: "Resurrection" Spilde 841 49556

D: Spilde 796 48685

This is a ram that's built about as good as we can make one. He's stout featured and super correct. We are excited to see how he stacks up on show day. Spilde 796 is a maternal sister to the class winning fall ewe lamb at Louisville last fall shown by Mclayn Musick. That ewe family has great longevity and milks extremely well. "Resurrection" has made a beautiful set of lambs that are very correct for both our flock and the Knuth family.

B: 02/23/2025 Twin

S: "Last Chance" Spilde 431 42019

D: Garey 1033 46459

As we have in the past, we picked some of our very best ewes to go to the National. 1033 is a daughter of the famous Schambow 532 ewe. The Last Chance females just keep getting it done.

284-FITTED Yearling Ewe

Spilde 878 --- 50074

B: 02/08/2025 Twin

S: Garey 1027 45654

D: Spilde 617 46004

A top show lamb for us last year. She was 2nd Feb ewe lamb at Louisville and has grown out well. 617 was also a lead show ewe for us and has been a producing fool when it comes to making great ones! The Garey 1027 ram is double bred 532.

285-FITTED Yearling Ewe

Spilde 885 --- 50068

B: 02/20/2025 Twin

S: "Last Chance" Spilde 431 42019

D: Garey 774 40692

We do still have some semen on Last Chance but due to the fact he's no longer with us, these females are going to become hard to get. 774 is a big ewe with a long straight top.

286-FITTED Yearling Ewe

Spilde 910 --- 45654

B: 03/05/2025 Twin

S: Garey 1027 45654

D: Spilde 759 48696

Once again we were blessed with a great set of fall lambs. This is one of our favorites and looks like she will keep coming. The Cash offspring are typically really long bodied and have great front ends. We hope people are looking for show lambs because one like this needs to be campaigned.

B: 09/23/2025 Single

S: "Cash" Spilde 650 46010

D: Triple M Ranch 135 43215

Another Cash daughter that has surfaced as our favorite on most days. The 135 ewe has been an absolute gem in the lambing barn! We really wanted to keep this one but get excited to offer our best at the National.

289-FITTED Fall Ewe Lamb

Spilde 957

B: 10/15/2025 Single

S: Spilde 802 49158

D: Spilde 641 45993

Quite a pedigree on this ewe lamb! 802 was Reserve champion ram at Louisville as a March buck lamb. He is a maternal brother to "Triple Crown" and the National Champion Sale ram in Ohio last year. Spilde 641 was a show ewe for us and is about the largest framed ewe in the flock. This lamb is young and if we had to bet, she could be the show ewe in the group in a few months. Maybe even by show day in Greenville at the pace she is coming!

290-FITTED Fall Ewe Lamb

Spilde 956

B: 10/14/2025 Single

S: "Hopscotsin Red" 411(Hoppy) 40492

D: Spilde 722 47449

Spilde 722 was our top show yearling in 2024. Her mother is a maternal sister to "Last Chance". Hoppy needs no introduction and we cherish his daughters. All 4 fall ewe lambs will be Futurity nominated.

B: 09/12/2025 Single

S: Red Barn Farm 0465 "Headliner" 48322

D: Schambow 701 46251

We are committed to bringing a few excellent sheep to this sale every year and this fall ram fits the bill!!! This ram's pedigree is a who's who of the Tunis breed. Including Vantage, Matrix, Cocktail, Last Chance, Schambow 550 and 524. We focus on maternal genetics and this buck's sire is out of a legend of a female, Schambow 550. She was Reserve Champion and Grand Champion ewe at NAILE and is the mother of two NAILE Champion Rams!! 0486's mother is Schambow 701, a Matrix daughter and the full sister to the 2022 National champion ewe. We only keep and sell rams with strong predictable genetics and this guy has it. Please stop by our pens and see this ram in person and talk with us.

B: 01/01/2026 Twin

S: Red Barn Farm 735 RR "High Life" 47468

D: Schambow 2244 43400

We are fortunate to have twin ewe lambs out of this ewe, which is the only reason she is being offered for sale. 663 is sired by "High Life," who is continuing to make a major impact for both us and the Spildes, including siring last year's Champion Ewe here. Her dam is a full sister to Matrix, making her pedigree especially valuable. 663's maternal brother was Champion Ram at the NAILE Junior Show for Colin Anderson and has since gone on to make a strong influence within his flock. This ewe has the look and genetic backing to be highly competitive in the show ring for the next two years. Her dam remains one of the most valuable genetic pieces in our program. Bid with confidence!

We wanted to offer an exceptional Headliner daughter at this sale. Take advantage of this one, we don't plan on selling another daughter out of her mother, Schambow 636. This lamb's sire is Red Barn Farm 0465 "Headliner". He was undefeated as a lamb and ended the year as Champion Ram at both NAILE shows in 2024. 673's Dam is out of Matrix and Schambow 503. 503 is a foundation ewe and we have retained a number of her daughters. This ewe will continue to grow into a large yearling providing two great show seasons. If you want a flashy show ewe that you can get two seasons out of, this is your girl!!

We have a group of around 25-30 breeding ewes with very deep genetics that perform year after year. Red Barn Farm 683 couldn't be a better example of that. "High Life" is 683's sire and he has already produced a NAILE Jr show Champion Ram, Champion ewe here in 2025, and Reserve Champion ewe at Big E. 683's grandam, Schambow 404 was the full sister to the great Schambow Ram Barnstormer. 683's Great Granddam is Schambow 197, who's offspring have won 6 NAILE Banners. 683's full sister was Reserve Champion ewe at the Big E as a lamb for us. With us not going to Sedalia, our best are headed here! This guy, commonly referred to as "Bear" in our barn since birth, has been an absolute standout "Scotch Bonnet" son out of a "Mr. Pickles" daughter. He's loaded with muscle and breed character. What more could you want from a Texel stud buck?

"Stomper" was our keeper embryo ram from Scotland. He has turned out to be the biggest boned and deepest bodied ram we've raised to date. PKF 2054 is the dam of "Teeny". This January ram lamb has been flashy since birth...the icing on the cake of this thrilling pedigree. We are retaining his twin sister to add to our stud ewe lineup!

PKF 2321 was the Champion Ewe at the 2024 NAILE. This "Teeny" daughter sure will be hard to watch walk away, but we are always committed to bringing out some stellar yearling ewes to help propel the breed forward in this country. This ewe continues to be a front runner in Somers, CT. Dig deep and don't regret watching this one walk away from you too!

I've lost the battle on keeping both of PKF 2111's "Scotch Bonnet" daughters, so here is a rare opportunity. We lost their momma last Spring, so this is the end of an era. This girl and her sister turned heads all last Fall as April ewe lambs. Everyone asked if I'd sell one or both and the answer was NO! With dirt about to fly breaking ground on a new home, sheep normally not for sale stand before you. Study this young yearling's design and realize she's a rare gem that any flock would benefit from!

PKF 1861 is one of the oldest and most productive Texel ewes in the PKF flock. That ewe cranks out functional lambs that out-produce themselves every year. There are numerous ewes dammed by her in our own brood ewe flock. If this weren't the case, this eye-catching ewe would not be for sale. In fact, she was not for sale...until we realized how many 1861 daughters we had and remembered we couldn't keep them all this year.

390-February Ram Lamb

We used several rams this year to tighten our lambing window to fit our hectic schedules. Sires for our entry include a homebred son of Finito (2021 National champion ram), Portland Prairie 1310 (a massive Cambwell "Duke" son whom Harold Dunn used for many years. He has the same maternal family as the ewe "Truffle" that Pine Knob Farm has found success generating phenomenal champion offspring with), and our lead ram - Pine Knob Farm's "Teeny" (2-time champion ram at NAILE). Any sheep sold by us will always be RR/NN and we will disclose TMEM154 diplotype before sale time. All sires utilized last fall had at least 1 favorable haplotype to lower Ovine Progressive Pneumonia (OPP) susceptibility. 1 & 4s in a sheep's diplotype lowers susceptibility to OPP and is favorable. Please reach out to us and check out our Facebook page closer to the sale for more information and pictures.

B: 02/07/2025 Single
S: "Rumble" Rincker 2733 11374U
D: RBF 5003 20050
Great place to start with our consignment. This is a beautifully constructed ewe with very good breed type. The Rumble daughters are built with depth and volume and carry great ear sets. RBF 5003 goes back to some of our best genetics and some of the Eldridge and McGuire breeding that helped build them.

413-Yearling Ewe**Spilde 6328 --- 22570J**

B: 02/16/2025 Single
S: "Rumble" Rincker 2733 11374U
D: Spilde 4625 19161
Rumble was champion ram at Louisville and is out of a highly successful Zoom daughter and Crown Royal. Spilde 4625's mother is a full sister to Epic who was supreme champion ram at Louisville. This ewe has great rib shape and dimension.

414-Fall Ewe Lamb**Spilde 6441**

B: 09/26/2025 Single
S: RBF 5016 1107U
D: Spilde 6121 21784J

Those who have followed our program in recent years know that we rarely part with anything in the family of "Zoom's" full sister. We currently have sons and daughter in our flock and have now tried a little line breeding. This lamb is the product of lining up this powerful ewe family. If we weren't loaded up with these genetics, this ewe stays home! So get on this one before we change our mind.

415-Fall Ewe Lamb**Spilde 6447**

B: 09/27/2025 Twin
S: "Hot Shot" Spilde 6146 Pending
D: Spilde 6039 21778J

The ewe lamb contains a great combination of genetics that have been very good to us! 6039 is a daughter of the great Brook's 2019 ewe. She was hand selected by Lopers as a lamb and later we acquired her in the buyout of the RBF flock. She has been a sure thing every lambing season. Hot Shot is a top "Zoom" son out of a daughter of Zoom's full sister mentioned heavily in the description of our other fall ewe lamb entry. This one is a genetic dynamo!

It's been a minute since we've consigned a ram to Ohio. We cut the fall rams pretty deep in December and only kept what we'd use. With that said, we'll be bringing something that is ready to go to work for you. He's got plenty of good pieces, bone, rib shape, and length of body. ****Update**** We recently discovered our previous entry has a scrotal issue so we are subbing him out for a Tippin Point son that we were going to put in our online sale. Easily the stoutest, fastest growing ram lamb in the pen. Our Tippin Point sons commanded alot of attention last year at Ohio as well as the twin brothers on our online sale that bring \$1700, \$1800 and \$3500 half-interest. Other half siblings were the first to sell at our 2025 Open House. This ram has color and quality to boot. Don't miss out on him. We didnt have a ton of Tippin Point ram lambs this past fall, but do have a lot of quality ewe lambs that will be offered this summer!

Joe Exotic continues to produce the good ones at 7 years of age. I probably shouldn't be selling this female, but I didn't have a ton of ewe lambs so the best 12 are being put in our consignment sales this year. This ewe has that look and color pattern that immediately draws your attention. A head and neck set that sits perfectly on top of her shoulders, yet still big bodied and has a maternal look. I think she can be competitive at multiple levels or be a standout ewe in flock to produce future winners.

A chocolate blaze faced female dammed by the older pipestone based ewe that has been a no miss type of brood ewe. You can breed her to any sire in the lineup and she just flat out produces the good ones. 9107 is no exception. If anyone remembers our popular ewe Sally (Shown by the Beckmier Family) or her daughter Brenda (Reserve Champion Ewe in the Jr. Show and owned by the Maddox Family), this ewe is built very similar. Wild looking front end and a big hip and pin set that is hard to make. I'd be excited to campaign this female in the show ring and take her all the way to the green shavings in Louisville.

These two January ewes were just recently weaned at the time entries were due, but two very functional, attractive females that have some loud markings. 9145 is the more moderate female of the pair. Stout featured and big hipped. Social Distance daughters crossed on these Smith ewes have made some of our best foundational brood ewes.

These two January ewes were just recently weaned at the time entries were due, but two very functional, attractive females that have some loud markings. 9152 would be my pick of the pair for the show ring. A really nice front end assembly on this female that's super level topped and very athletic on the move. I can't wait for these lambs to finish shucking out their baby coats and watch this ewe really shine!

519-February Ewe Lamb

We had a whole slew of lambs the first part of February with a very high percentage of those being females!!! These lambs are still on their dams at time of entry and just now hitting their stride. We will consign one of the best females out of this group to bring Ohio and I'm sure she will probably have a little color to boot. A standout from last year's flush of 2146, she's built different than the rest with turn to her rib and a big pin set. Only sells because 2146 continues to flush killer sets of ewe lambs every year.

D: Minitier 2138

One that is deep in Hopkins genetics for the veteran breeders with a splash of Texas on the sire side. We ran hard with Nacho on these late falls and feel we had our best set yet! 2138 gets flushed this year after putting down this ewe and her twin brother that we are feeding for hopes of a stud ram.

Another Nacho that is made a bit more stout than our other entry. She still has the look and balance but has that extra shot of power. Another one that is deep in Hopkins blood- she runs back to the 0637 ewe, you can ask Don about the impact that female had on the flock!

Pucker Up made an impact here with these January lambs! The 2146 Donor was flushed to him and this ewe lambs dam was one of a handful of select females we AI'd to him. The females out of him are killer and I've kept a couple bucks on feed as well! If you know how much I use AI, it means something for me to keep those buck lambs around!

We stepped out of our comfort zone this year and had some ET work done and we got extremely lucky! If all goes well we will be bringing 8-10 head of rams and ewes that are maternal siblings to the high selling ewe here two years ago that the Slutz family purchased. They will be sired by the Knittle ram "Throwing Stones". To say we are excited to offer this set would be an understatement.

Offered by Noland Show Lambs of Oaktown, Indiana, Cool-J is an elite prospect that perfectly blends massive muscle with a tall-fronted, flexible silhouette and a clean blend from his chest floor into his neck. He is sired by our 2024 Mrozinski purchase—who was a Spring Kickoff class winner with a calm demeanor—and is out of a powerhouse Beard Family Southdowns foundation ewe that Abby grew up with. This pedigree makes Cool-J a half-brother to the dam of Noland 0048, who is also featured in this sale. He offers a rare opportunity to acquire a sire capable of producing both premier show lambs and elite reproductive females rooted in a proven maternal line.

B: 11/28/2024 Single
S: FORSEE R23-345 GG2269
D: FORSEE E22-019 FF1743

Born in late November of 2024, this ram presents a great opportunity for a small breeder just starting out to secure the next level of genetics for their future generations. Sourced from the respected Beard Family South Downs, located in Vincennes, Indiana, he is a "breeder's project" with more skeleton than anything in the barn, specifically designed to elevate the front end and add massive skeletal scale. His pedigree is world-class, sired by a Whiskey Fever son and out of a Blueprint daughter, featuring a family tree loaded with industry icons including Beer Run, Eclipse, March Madness, and Trendsetter from the 4C and George Brothers programs. While he might not be the most muscled ram in the sale, he is remarkably tall-fronted and clean-necked, offering a tightly knit, balanced silhouette that belongs on the national stage. This is a premier chance to bring home a massive skeletal foundation and championship bloodlines at the Ohio Showcase to move your program forward for years to come.

B: 01/28/2025 Twin
S: NOLAND 0010 FF3803
D: BEARD 32206 FF7084

This ewe is more of an extreme kind of ewe, she has some extinction in her frontend, she also profiles from the side really well. Her breeding goes back to Foresee top and bottom.

Tag #0048 is a Southdown that brings the pedigree you're looking for, sired by our home grown ram we raised and out of a War Admiral daughter. She is a moderate-framed ewe with a really clean, lean-muscled shape and the kind of presence that catches a judge's eye the moment she walks in. We didn't just breed her to look good on a lead, though; she's built for the barn. Backed by that legendary War Admiral influence, she has the maternal look and structural integrity to be a powerhouse producer for your flock."

We kept 8 ewe lambs from last year to grow out; and, we are pleased with the results! So much so, that we are having trouble deciding which one(s) to part with! Our commitment to you is to bring a yearling ewe that is beautiful in breed character, strong in genetics and physical confirmation; and that will be an asset to your flock. When Brian said this was the best yearling we have raised I knew he couldn't resist selling her! DCD 1291 is the standard that we breed for, long bodied, huge hipped, big boned with a pretty head. Paragon 854 needs no introduction. Her Dam is sired by RF 5207 (Incredible) which goes back to the great RF 4415 ewe. If you're serious about Dorpers she needs to be in your barn. This will be the 1st ewe we have offered out of Missouri Dorpers 3410 "New Balance". This ewe is STACKED with a great pedigree. On the top side she goes back to RF 6814 Well Rope who needs no introduction. On the bottom side her dam 1714 was in the group we purchased in 2024 from Eaststar Livestock and has a lot of the older Riverwood genetics. Had to pry the Shepherds hands off this one. Stud ewe potential with this one! Check our Facebook page closer to sale time for pictures.

This yearling ewe is worth looking at! We decided last May we were going to bring sheep to Ohio, and wanted to bring a good one, our idea at the time was to bring the best fall ewe lamb we could with only one ewe in the early fall pen, we decided to bust in to the keeper yearling ewe pen. This ewe has been an eye catcher from day one and we think you're going to like her!

Folks this is straight out of my keeper pen. She's tall she's
long she's bred right and will make a great show ewe and
better yet, a stud ewe! Sired by the 154 buck a TRI son outa
Peterson ewe 0027 one of the best ewes on the farm! Don't
miss out on this opportunity to get some TRI genetics! Dam
23158 is a horse of a ewe! Had excellent luck with Peterson
genetics!! Look her over!

Here's an extreme type ewe that's good topped with good flat
hip. She's a brood type ewe that'll lay down and have good
lambs for you! If she's like her mother you'll have plenty of
milk for her lambs! Again TRI son on Peterson ewe works
every time.

females for me! Wool, bone, straight topped- she's got it!! Her
grandmother was the Mumm ewe that was Supreme
Champion at 2017 MWSRS where Dick Krackow and I bought
her for 4400.00! This ewe mother sired by TRI and again out
of that Mumm ewe she's green but she will be awesome to
show come state fair time!

four females. She's green like her sister but boy when she's
filled out she could be a contender! I'm kinda on the fence
with this ewe, but I've always strived to bring some of my best
to the Ohio Showcase Sale!! So her she is!! Could be right up
there with the ewe I sold here last year for \$4000.00 to

DeeDee's mother was "Donna" BBA 286 the 2019 Res Champ Fitted Ewe at Louisville. "Donna" was sired by Abracadabra BBA 262 the 1st place March Ram Lamb at Louisville in 2017. As you can see - "Homer" has a pedigree that is loaded with champions throughout the years. Over the past few years we haven't been able to attend many of the shows and sales but the sheep that we have sold privately have gone on to make their mark in the flocks of so many. We take pride in the type of Hampshire's we raise and I'm sure that you will not be disappointed with what you see in our entry. This proven ram is being offered only because he has already produced his replacement in our program. If you're looking to add front-end extension, squareness, and power, this one delivers. He's the kind that stamps his look and build into his offspring. We can't say enough about the strength of this genetic line—especially on the maternal side. His dam, proudly carrying the Lucky 23 in her flock tag, has consistently proven herself as a cornerstone female. Photos & Video to come on Five Star J Facebook Page

This January ram lamb comes big-boned and stout-made, packing an impressive amount of mass for his age. It's hard to find a young buck lamb at this stage that combines this kind of bone, power, and structural presence. He's an impressive result of a carefully matched AI pairing. This ewe stands on a solid foundation with excellent feet and legs, built square and correct from the ground up. She combines structural integrity with power and presence, offering the kind of look and balance that demands attention. With plenty of gas in the tank, she has the potential to compete at a high level in the show ring or serve as an extremely dependable foundation female in any program. -- Pictures & Video on Facebook to come @ Five Star J Farms

D: Arnevik 2189 10547
Very complete ram - big boned, massive body and excellent breed type. His 2 triplet sisters will stay in my flock. His sire goes back to some old Quam genetics including Authentic. His dam is a beast, one of my biggest ewes, her January ram lamb will be my show year this year.

B: 09/06/2025 Single
S: Arnevik 2416 12113
D: Huge Creek 368 11390
Had a nice set of fall ewe lambs, would like to keep them all. This lamb is an interesting genetic piece. Her dam is out of a Dombek ram going back to the Lansing Trump ram, with Lost River and Jacobsen on her dam's side. Her sire was the reserve champion ram at last year's sale, Arnevik 2416, he goes back to an Annuschat ewe and is out of Arnevik 2258, Buckbeak. She's correct, stretchy, up headed with great breed type and femininity.

B: 09/13/2025 Single
S: Arnevik 2401 BULL 11737
D: Arnevik 2313 11722
This ewe lamb is a brick - wide, heavy boned and solid. Her dam is out of a Mike Olsen ram with those rugged western genetics. Her sire is out of Royer 953 and also has genetics from Quam's CollateRRal Damage in her pedigree. She will definitely be an interesting piece in your breeding program.

1186-SLICK January Ram Lamb

S: MacCauley 7087 RR 691997
D: Lucky Ewe 4004 686318
This lamb has done nothing but grow and impress us since he was born. Big boned with lots of breed character and structurally correct. Should do well in the show ring and beyond. Great personality. His Dam was undefeated in shows.

1187-SLICK February Ram Lamb

S: MacCauley 7087 691997
D: Lucky Ewe 4001 686317
This ram lamb will be a bit more moderate than our January entry but believe he has quite a bit of style. His Grand Dam is a ewe we purchased from a MacCauley online sale a few years ago that has produced a ewe lamb for us every single year. We have kept every single one of those ewes because they are just that good in the lamb barn. Love this family line!
